

EDITING / SPECIAL EFFECTS / TYPOGRAPHY

The role of a Video Editor / Motion Graphics is essential to the development of an amazing video; you will be based at the Pre-Production & Production stage of the project.

You must be able to take the client's brief along with the script/storyboard and simplify it into a unique, impactful and creative video.

TASKS

- Design and create attractive motion graphics (corporate videos, trailers, intro's, animation, and typography).
- Edit raw footage and add effects/elements to visually enhance the video.
- Strong ability to think creatively to produce new ideas and concepts
- Research and analyse the best design techniques and solutions to create motion graphics.
- Assist in designing and creating storyboards.
- Maintain up-to-date knowledge about latest graphic design techniques.
- Working closely with the script editor.
- Ability to work with raw data from clients (design specification form*).
- Focussed on meeting the clients' objectives and expectations.
- Ability to meet company deadlines.
- Detail orientated and organised.
- Ability to work independently as well as in a team.
- You may be asked to attend meetings with clients.

EXPERIENCE

- 0-3 years' experience*
- Adobe After Effects, Photoshop, Illustrator, Final Cut Pro & Cinema 4D
- Storyboarding

N.B - Applicants with no prior experience will be required to show an example of their creativity.

IF YOU ARE INTERESTED PLEASE EMAIL YOUR CV AND ALL RELEVANT MATERIAL TO
VACANCIES@GBMPRODUCTIONS.CO.UK

*Design Specification Form – A form sent to the client to collect information about their requirement(s).
